

**Anti-Submarine Strap Mount/Fire Extinguisher Mount**  
**(FOR Driver Side 997 GT2/GT3 Seats)**

**INSTALLATION INSTRUCTIONS**

This mount has been designed to provide a mounting point for an anti-submarine strap in 997 GT2/GT3 bucket race seats.

Step1: Remove the four floor pan bolts that secure the Driver Seat to the car.

Step 2: Disconnect the yellow plug from underneath the seat, and remove the seating assembly from the car.

Step 3: Remove the two front bolts that attach the side mount brackets to the slider on both sides.

Step 4: Position the R-9032 between the side mounts and the slider. Reinstall the bolts and backing plate to secure the R-9032.

Step 5: Wrap the sub-strap belt to the appropriate length and through its 3 pass locking plate (supplied from belt manufacturer).

Step 6: Installation of the R-2032 fire extinguisher mount can be done at this time.

Step 7: Reinstall the seat and secure it with the factory floor pan bolts.

Performance driving events are by nature potentially hazardous to your health. Brey-Krause Mfg. Co. Inc. shall not be liable for injury, consequential, or other types of damages resulting from the use or misuse of our products. Proper installation of these parts is critical and should only be done by a professional shop.
